

New Source Review newspaper advertisements for construction permit applications, December 20, 2018. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be published on one of the following date: December 20, 2018. Public notices are generally published every week. The previous publication of public notices was December 11, 2018.

#### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15<sup>th</sup> Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 22<sup>nd</sup> Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

#### HEADER

The applicant is Lisega, Inc. with a mailing address of 370 East Dumplin Valley Road, Kodak, TN 37764. They seek to obtain an air contaminant permit (Division identification number: (15-0092-03/74116) for modification to an existing cryogenic pie support manufacturing operation at 375 RGE Blvd., Newport, TN. This operation consists of an assembly line with a molding operation. No pollution control is proposed. There would not be any physical construction. Regulated air contaminants are emitted by this source. Chelsea Meadows is the assigned Division person.

For the Cocke County "Newport Plain Talk"-- publish once on Thursday, December 20, 2018.

---

#### HEADER

The applicant is Sequatchie Concrete Service, Inc. dba Blount County Plant with a mailing address of P.O. Box 11869, Knoxville, TN 37939. They seek to obtain an air contaminant permit (Division identification number: 05-0383-01/75702) for construction of a Concrete Batch Plant Operation located at 1919 Airbase Road, Louisville, TN 37777. This proposed construction would consist of two (2) storage (cement/fly ash) silos, conveyors, and filter cartridges used to produce ready mix concrete. A baghouse (fabric filter) would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Blount County "Maryville Daily Times"--publish once on Thursday, December 20, 2018

#### HEADER

The applicant is 3M Company dba 3M Clinton with a mailing address of 400 JD Yarnell Industrial Parkway, Clinton, TN 37716. They seek to obtain air contaminant permits for construction/modification of the following air contaminant sources located at the same address:

(1) "Thinsulate" Extrusion Line (Division identification number: (01-0275-11/975792). The proposed modification is to increase the maximum material throughput of the process. Three particulate filters in series are used for pollution control. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. Abbas Yavari is the assigned Division person.

(2) Surface Coating Operation (Division identification number: (01-0275-39/975793). The facility proposes to install a new coating line with two (2) coating stations, two (2) indirect natural gas-fired curing ovens, and one (1) 24 kW coronal treater. A thermal oxidizer would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Anderson County "Oak Ridger"-- publish once on Thursday, December 20, 2018.

---

## HEADER

The applicant is McLanahan Corporation with a mailing address of 585 Airport Road, Gallatin, TN 37066. They seek to obtain an air contaminant permit (Division identification number: 83-0370-01 & 02/974511) for their existing Rubber Bonding and Surface Coating Operation located at the same address. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Sumner County "News-Examiner"-- publish once on Thursday, December 20, 2018.
